**CUSTOM GEAR
IN 3 WEEKS**

TOUGH GEAR, FAST.

Your crew can be wearing the finest turnouts, made right in Philadelphia PA, in only three weeks. Available in selected lines and fabrics, look for our RAPID TURNAROUND program symbol .

THE SIZE YOU NEED

GUARANTEED! Proper fit is important to reduce fatigue and increase safety. For that reason, all of our firefighter gear is custom built, not pulled from a shelf, and guaranteed to fit right.

STANDARDS: We engineer clothing that goes above and beyond the requirements of NFPA 1999 (EMS), 1951 (Tech Rescue), and 1971 (Structural Firefighting).

MATERIAL COMPOSITES & PERFORMANCE
.....

Liner reinforcement at shoulder, elbow and knees offers increased thermal protection.

DRD is ready to deploy at any time and standard on every set of turnout gear

MAXIMUM MOBILITY™ Ricochet has examined all critical areas (hem rise, sleeve migration, bulky collars, restrictiveness within the crotch and knees) that have plagued fire fighters for years in turnout gear designs. We have developed, with input from many firefighters, cutting edge technology with ergonomic engineering that works with the dynamics of the body, providing Maximum Mobility™ with a greater range of motion than any other turnouts on the market. Our patterns are engineered to reduce heat stress, hobbling and fatigue; and designed to provide fit, comfort and mobility throughout all three layers of your turnout gear.

M² PRIME™

Maximum Mobility™ ergonomic design, PRIME™ comes in three shell/liner composites with top of the line fabrics chosen for superior heat protection and breathability, plus many added features.

- ➔ OMNI Elite® II outer shell, with Synergy® 2 layer and CROSSTECH® Black 2 layer liner system. In Black and Brown
 - Kombat Flex® outer shell, with Caldura Gold® 2Li with CROSSTECH® Black 2 layer liner system. In Black and Natural
 - Pioneer® outer shell, with Defender® Camo and CROSSTECH® Black 2 layer liner system. In Black Gold and Khaki.
- (see back cover for technical specs)

✈️ = RAPID TURNAROUND 3 week service is available.
